

HUET

HELICOPTER UNDERWATER ESCAPE TRAINING INCLUDING EBS

Course Code: 5095

Duration: 1/2 Day

Competency: Competencies of delegates are assessed during practical exercises.

Schedule: Everyday (Mon-Fri)

Location: PISTC

Certificate: OPITO Approved

Pre-requisites: Updated Medical Certificate

Validity: 4 years

Fee inclusions: Snacks and free-flowing coffee

Introduction

This programme is designed for oil and gas personnel travelling to oil and gas installations/facilities via helicopter. It will prepare delegates travelling via helicopter with the specific training in pre-flight and in-flight requirements, basic emergency response knowledge and skills required in the event of an emergency – with specific focus on escaping the helicopter following ditching.

Target Group

The HUET training programme is designed for personnel travelling to oil and gas installations/facilities via helicopter.

Course Overview

Delegates attending this training and assessment program will be able to demonstrate, in a simulated environment, that they can use the safety equipment, and follow procedures in preparing for, and during helicopter emergencies – with particular focus on escaping from a helicopter following ditching.

Learning Modules

- ❖ Helicopter Safety
- ❖ Helicopter Emergencies
- ❖ Helicopter Evacuation
- ❖ Use of Emergency Breathing System
- ❖ Helicopter underwater Escape
