

# Basic Safety Training Full Course (Onshore)

**Duration: 5 Days**

## Aims and objectives of the BST Sea Survival Module

This BST Training shall enable Delegates to support and care for themselves and others working in the industry by possessing the knowledge and skills of First Aid, Working at Heights, Manual Handling, Fire Awareness, Sea Survival and in case of an emergency, to be able to evacuate, rescue and provide appropriate First Aid to casualties.

## This BST Module shall ensure that:

Upon completion of the Global Wind Organisation (GWO) Basic Safety Training (BST) Delegates will possess an awareness of the hazards encountered when working within the wind industry and how to control and mitigate these hazards. The BST will also equip participants with the knowledge, skills and confidence to appropriately respond in the event of an emergency and to increase their safety through proper use of Personal Protective Equipment, emergency equipment and procedures.

The approved GWO Basic Safety Training (BST) provides Delegates with important skills, which include Fire Awareness, First Aid, Working at Heights and Manual Handling.

## The GWO Basic Safety Training is divided into the following Modules:

- First Aid
- Manual Handling
- Fire Awareness
- Working at Heights

**Validity of Certificate: 2 years**
